WARNING SIGNS !!!!!

NORTH AMERICA'S WEATHER IS CHANGING AS THE EARTH CONTINUES TO TILT/ROLL OR MAY EVEN BE SHRINKING BACK IT'S ORIGINAL SHAPE

Earth Has Tilted 31.5 Inches. That Shouldn't Happen.

PUT YOUR THINKING CAPS BACK ON AND CONSIDER THIS INFORMATION INSTEAD OF WHAT WE ARE BEING TAUGHT.

https://www.youtube.com/watch?v=3HDb9Ijynfo&t=227s

LOOK WHAT IS HAPPENING TO THE GREAT LAKES REGION AS THE EARTH TILT - ROLL OR SHRINKING CONTINUES. DO YOU REALIZE THAT NORTH AMERICA IS DROPPING SOUTH AS GEOPHYSICAL DUE NORTH MIGRATES TO SIBERIA.

You cannot get a STRAIGHT ANSWER ONLINE because AI and all of the other DEEP STATE and NASA controlled data resources on Google searches are LYING TO US. They are blaming our weather pattern changes on US and moving ground water changes, carbon dioxide, etc. We are not

supposed to discover that our earth is actually slowly ROLLING and or SHRINKING.

We are **not supposed to know** that the volcano's, earthquakes and other earth changing SIGNS are happening because our EARTH tectonic plates are on the move and may be moving back to their original locations as our earth starts to shrink back to the smaller ball it once was.

IN ADDITION, we are not supposed to know that our earth could be about to go into another climatic upheaval period that may culminate with an Asteroid hit. SHUUUUUU! IT'S A BEST KEPT SECRET only those with underground bunker and bases can escape to will know when the time is right to GO UNDERGROUND.

GREAT LAKES REGION

I will focus on the Great Lakes states

The movement of the earth has changed enough that it will affect the weather around the world as the earth continues to tilt/ROLL and or SHRINK.

Minnesota is warming up and has a shorter winter season. The summers are becoming longer, wetter and warmer.

America Before The Roll - ASIA and AFRICA After the tilt

NOTICE THAT EUROPE ASIA AND AFRICA ARE SLOWLY MOVING NORTH TOWARDS THE NORTH POLE - COULD THE EARTH BE SHRINKING CAUSING THE PLATES TO MOVE TOGETHER AS THE EARTH SHRINKS BACK TO IT'S ORIGINAL SIZE WHEN THEIR WERE NO FROZEN POLES

It is Next to Impossible to find Accurate Pictures online to illustrate what is taking place because we are not supposed to know. Those controlling what we see online throw all sorts of irrelevant data and models at us to confuse us. In the map above the roll is going in the wrong direction, which is typical of what the Deep State online controllers are presenting to us as we question their Global Warming Scams. America may be rolling southeast away from Due North. It's very confusing. Go to the map at the beginning of this article instead to see the current tilt then look at were America ORIGINALLY WAS on Neal E Adams maps as the earth was just starting to grow apart.

What a 31.5-degree tilt would mean for Minnesota

If the Earth's axis were to actually tilt by 31.5 degrees, it would cause extreme seasonal variations globally, with effects far more severe than current climate change. The impact on Minnesota would be dramatic:

- **Extreme temperature swings:** Summers would be significantly hotter and winters much colder. The 8-degree increase in tilt would bring Minnesota more directly facing the sun in summer and pointing further away in winter.
- **Drastic sunlight changes:** The length of days and nights would change much more than they do now. Summers would have more daylight hours, and winter days would be considerably shorter.
- **Massive global disruption:** A change of this magnitude would cause severe ecological consequences, including a shift in climate zones and global disruptions to agriculture.
- **Shorter winters:** Winters in Minnesota and across the northern U.S. have become shorter and milder.
- **Longer, hotter summers:** Extended and more intense heatwaves are occurring during longer summer seasons.
- **Agricultural disruption:** These altered seasons disrupt the natural rhythms of ecosystems and affect crop yields.

- **Drastic sunlight changes:** The length of days and nights would change much more than they do now. Summers would have more daylight hours, and winter days would be considerably shorter.
- **Massive global disruption:** A change of this magnitude would cause severe ecological consequences, including a shift in climate zones and global disruptions to agriculture.

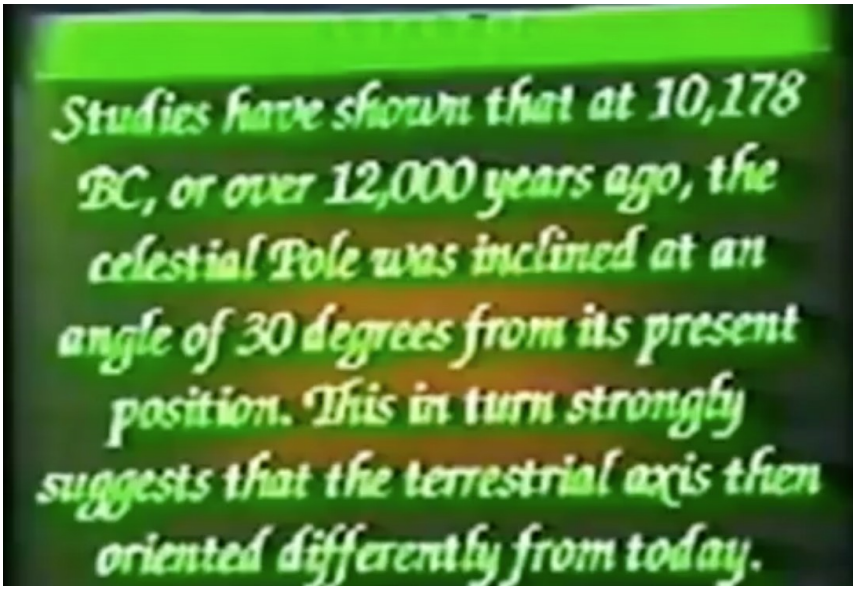
Climate change impacts already happening in Minnesota

While the inch-wide wobble has no effect on Minnesota's weather, the broader climate change problem it signals is already altering the state's weather patterns.

- Warmer and wetter conditions: The state is experiencing higher average temperatures, especially in the winter and at night. Annual precipitation has increased by an average of 3.4 inches since 1895.
- More extreme precipitation: Minnesota is seeing more intense and frequent heavy downpours, leading to an increased risk of flooding. This includes a significant rise in 1-inch and 3-inch rain events.
- Variable rainfall and drought: Future rainfall is projected to become more irregular, with longer dry spells between intense rain events. This could stress water resources and agriculture.
- Warmer winters: Minnesota's winter season is warming two to three times faster than summer. The frequency of extreme cold temperatures has dropped significantly, and the state experiences shorter seasons for ice-based recreation like fishing and skating.
- Impacts on agriculture: While warmer weather has extended the growing season, increasingly hot summers may negatively affect corn yields. Heavier spring rains can also create waterlogged soil, limiting planting season.

WHAT DO THE ANCIENTS TELL US ABOUT THESE EARTH CHANGING EVENTS

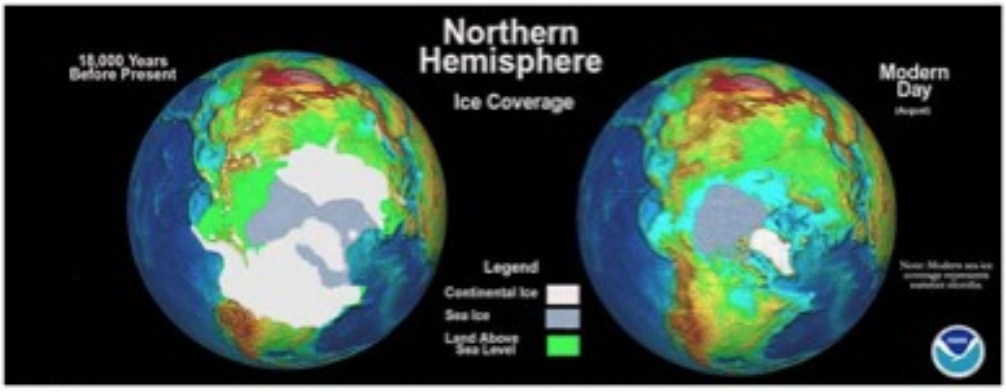
If you think about it they were telling us about the catastrophic period we are living today that will lead to a new GOLDEN AGE.



Studies have shown that at 10,178
BC, or over 12,000 years ago, the
celestial Pole was inclined at an
angle of 30 degrees from its present
position. This in turn strongly
suggests that the terrestrial axis then
oriented differently from today.

We refer to the result of that earth roll or expansion as the event that caused the Ice Age as the continents moved into those positions.

"Earth change and prophecy" refers to predictions of global cataclysmic events, like earthquakes, pole shifts, and extreme weather, often associated with the New Age movement and popularized by the psychic Edgar Cayce. These prophecies sometimes envision the changes leading to a "Golden Age" of peace and spirituality. This concept draws from other religious and prophetic traditions, including Hindu eschatology's concept of the Kali Yuga, and has been a recurring theme in various beliefs about the end of the world.



This image compares modern day glacier and ice coverage of the Northern Hemisphere with the same region 18,000 years before present. Note that the modern sea ice coverage is during the summer months; winter coverage is more extensive.

IS THE EARTH SHRINKING IN SIZE SO THAT MORE OF OUR PLANET IS COVERED BY THE SUN AGAIN???

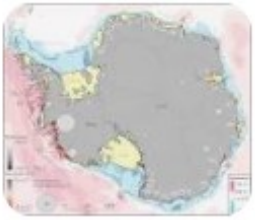
AI STATES

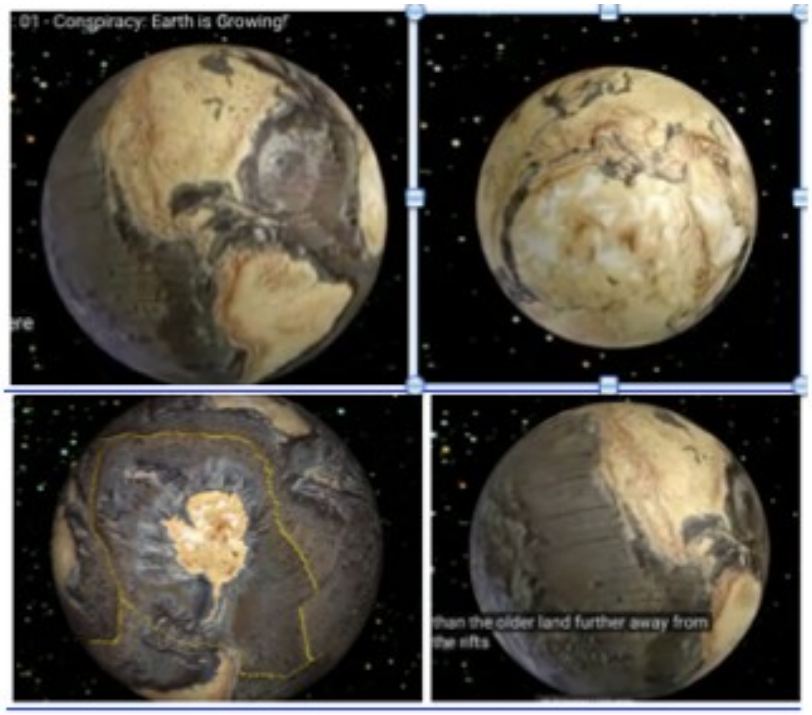
AI Overview

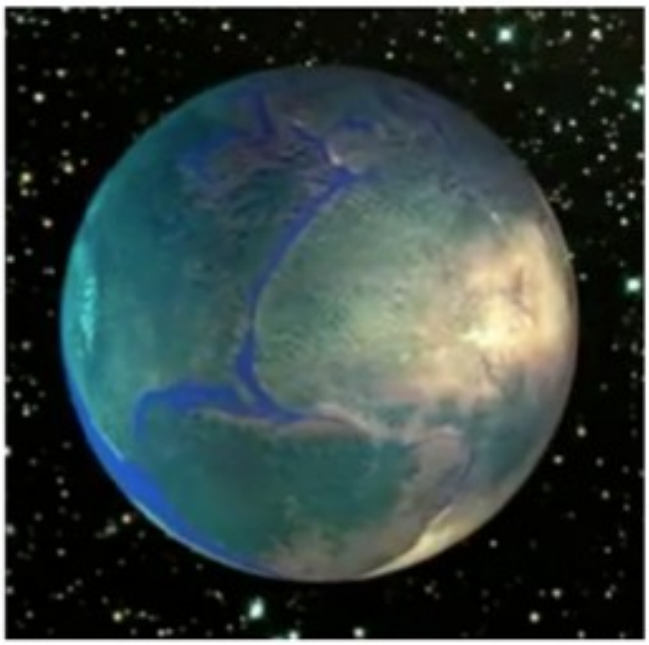
The headline "EARTH ROLLED 31 INCHES" is a misinterpretation of a scientific study published in 2023. The study, conducted by researchers at Seoul National University, found that between 1993 and 2010, the planet's axis of rotation tilted by approximately 31.5 inches (80 cm), not that the Earth's surface moved.

I disagree with AI's comment above. I do not trust AI or Wikipedia data. The affects of the tilt or roll would accomplish the same global catastrophic events whether the crust moved or not. These rolls or continental movement change the weather around the world and cause global cataclysmic events as the continents change their location on the globe and it has been going on for thousands of years. Look at Neal E. Adams examples below as he illustrates how the earth grew apart. NOW REVERSE IT and you will see that the sun is hitting more of the earth's mass today as it once again shrinks back to it's original size and the continents start to move back to their original locations.



Yes, Antarctica is warming, particularly the Antarctic Peninsula, with the continent experiencing more rapid ice loss and contributing to sea level rise, primarily driven by warmer ocean waters and increasing greenhouse gas emissions. While the Antarctic continent has seen periods of gaining ice, recent trends show accelerated ice loss from the West Antarctic Ice Sheet, with a notable increase in overall ice melt since the 1990s.





When the earth began to expand, our continents moved apart away from each other while each continent remained on its own tectonic plate.

Earth's Axis of Rotation:

- It is the **line along which it spins around itself** as it revolves around the Sun.
  - **Earth's axial tilt** (also known as the obliquity of the ecliptic) is about **23.5 degrees.** Due to this axial tilt, the sun shines on different latitudes at different angles throughout the year. This **causes the seasons.**
- The **points** on which the **axis intersects the planet's surface** are the **geographical north and south poles.**
  - The **location of the poles is not fixed.** The **axis moves** due to **changes in how the Earth's mass is distributed** around the planet. Thus, the **poles move when the axis moves**, and the movement is called **"polar motion".**
  - Generally, polar motion is **caused by** changes in the hydrosphere, atmosphere, oceans, or solid Earth.

The **north pole has shifted in a new eastward direction** since the 1990s, **because of changes in the hydrosphere** (meaning the way in which water is stored on Earth).

From 1995 to 2020, the average speed of drift was **17 times faster** than from 1981 to 1995.

Also, in the last four decades, the **poles moved by about 4 metres in distance.**

The calculations were based on satellite data from **NASA's Gravity Recovery and Climate Experiment (GRACE) mission.**

Stretch Marks Formed as the Continents Separated

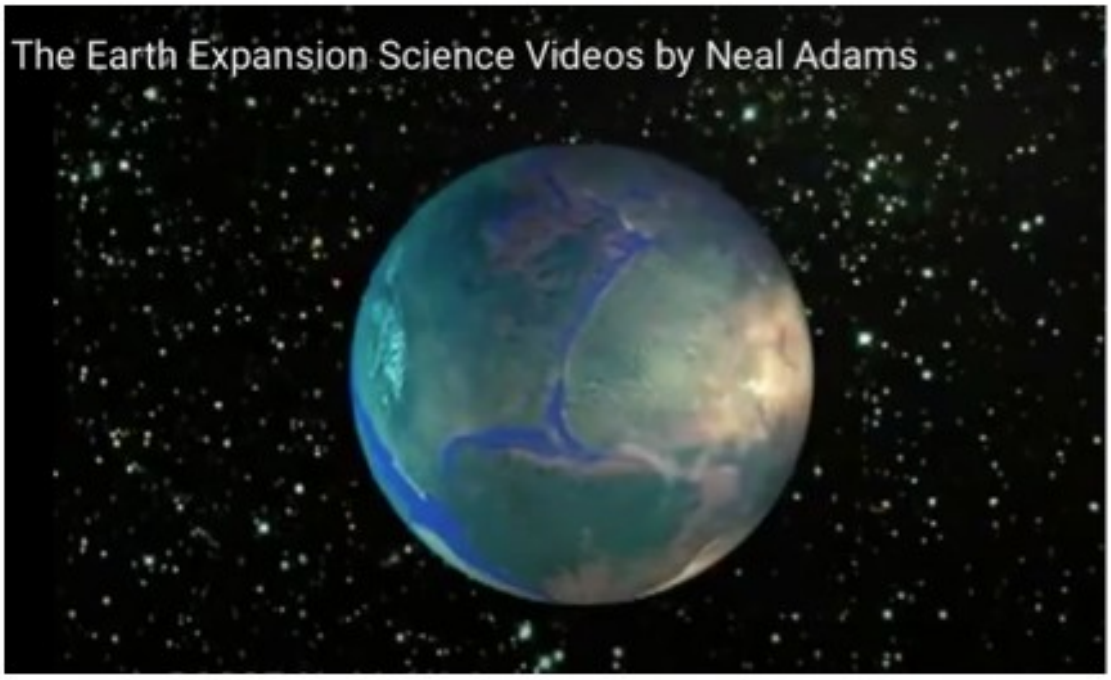
Again Look At the Stretch Marks at the Ocean Floor

Neal E. Adams is showing us that the earth was once a closed system or ball with CONNECTED CONTINENTS that covered the entire surface of a much **smaller Earth**. He blows the Pangaea Theory out of the water. Neal shows us that Thermal expansion was caused by volcanic activity, which broke the landmass into their own individual continents. These continents drifted away from each other.

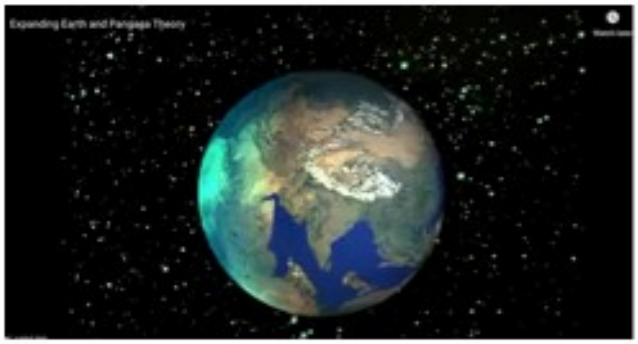
You can see the stretch marks at the bottom of the ocean that were left behind as the earth slid apart in the picture abov. I think Neil calls them stretch marks or rip-zones.

<u>We are NOT SUPPOSED TO KNOW THIS</u>

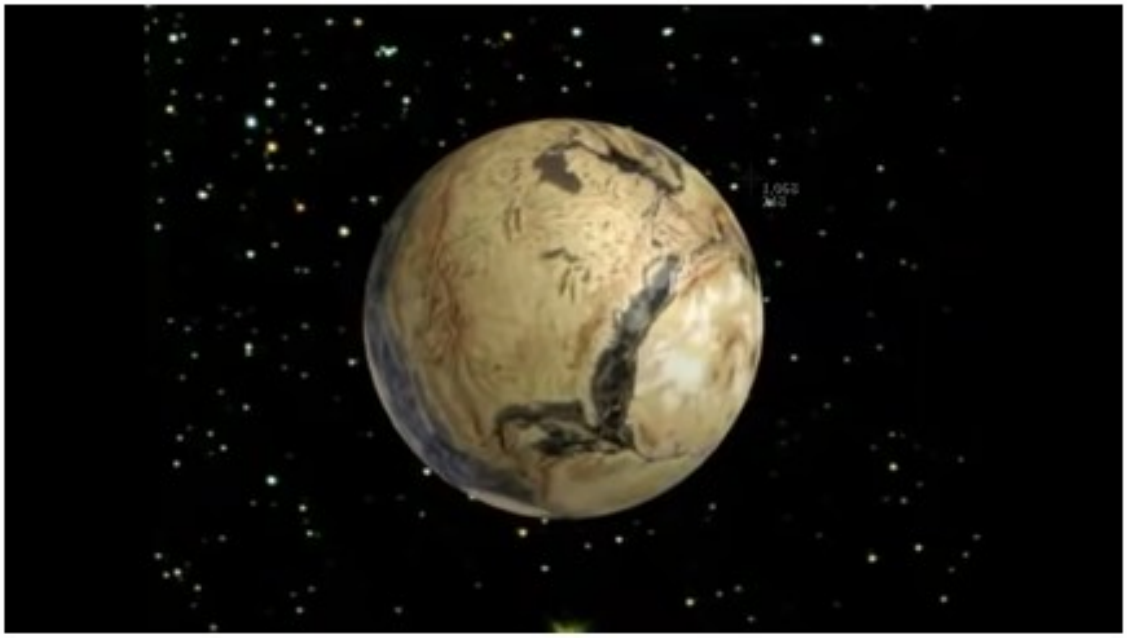
However once we realize this we discover how the Solutrean aka Sioux Indian tribes migrated into America from the Middle East and why we have Egyptian artifacts in the Grand Canyon today. The landmasses back then were joined together. Small bodies of water not oceans separated them that they could travel over by boats.



Neal tells us that the earth was much smaller. We had no frozen polls back then because the sun warmed the whole earth in it's smaller form



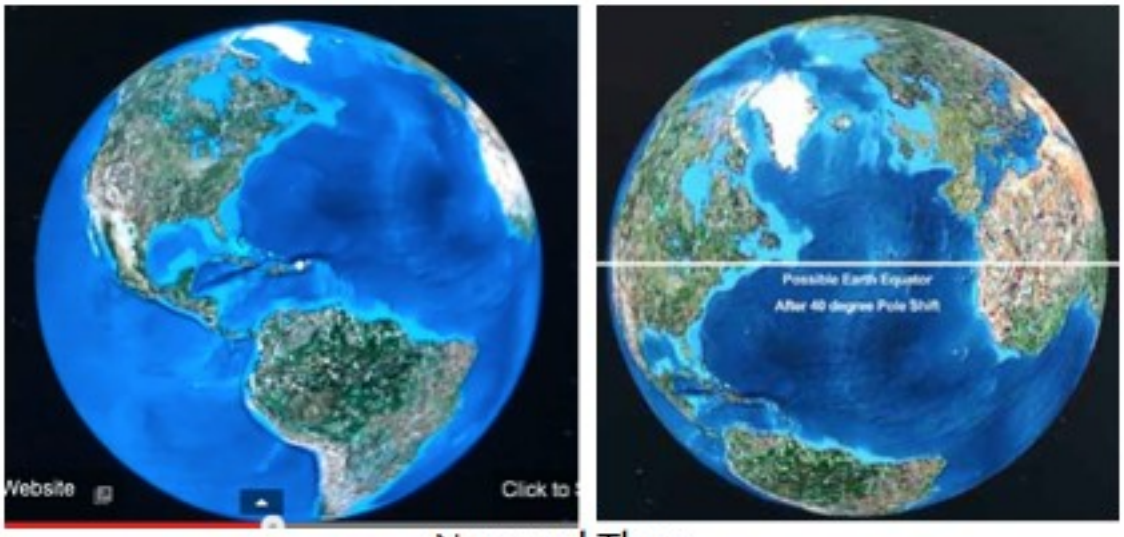
We know that the Global Warming Scam the DEEP STATE players put out there is SHEER NONSENCE. So WHAT IS REALLY GOING ON??



HOW COULD ANCIENT PROPHETS AND LEGENDS TALK ABOUT THE WHOLE EARTH UNLESS THEY KNEW EARTH WAS ONCE A LARGE LAND MASS

Jesus spoke about his bringing us a NEW HEAVEN AND EARTH during the times we are living in today, which is referred to as the Tribulation Period. Is Jesus moving our

earth back together so that their will not be freezing in the poles and so that we can travel all over the world again without having to fly or take a cruise to reach other continents? INTERESTING THOUGHT????



Now and Then

IS THE EARTH REVERSING COURSE IS THE EARTH SHRINKING

Earth is slowly shrinking. Every year, our planet gains about 45,000 metric tons of mass from meteorites and dust that falls to the surface. At the same time, Earth loses about 100,000 tons of mass through the escape of atmospheric gases.

IS PART OF AMERICA MOVING OUT OF THE WINTER FREEZE ZONE SLOWLY?????

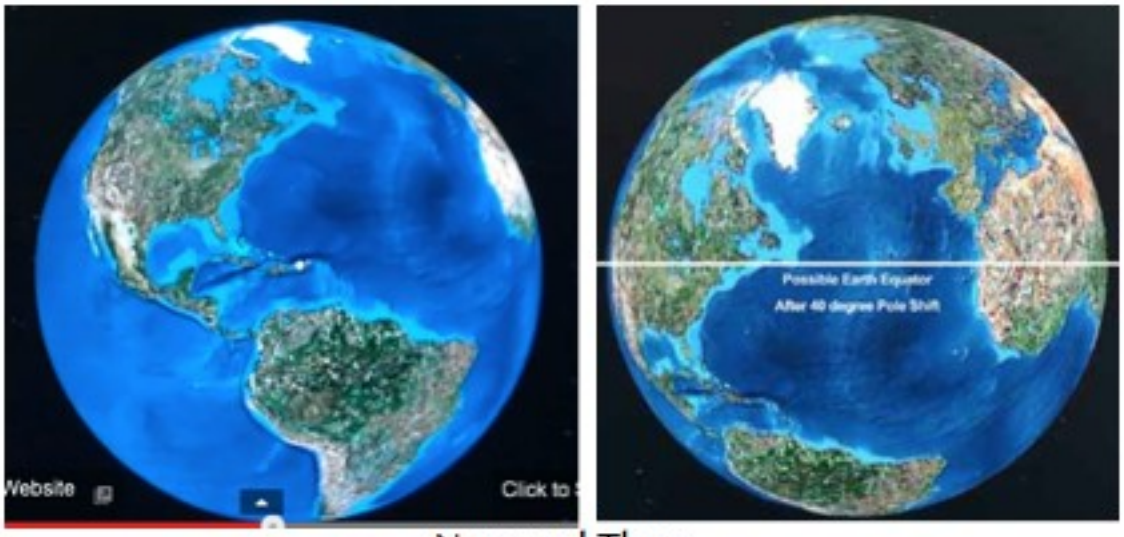
Visit >

The 100th meridian west (solid line) has long been considered the divide between the relatively moist eastern United States, and the more arid West. Climate change may already have started shifting the divide eastward



Now and Then

Greenland sat at the North Pole or Due North aka Magnetic North but is now moving south as Geophysical Due North and Magnetic North are moving. Minnesota is moving closer to the Equator. Check ice corps samples around the world and you will find that during the Ice Age the poles were much colder after the earth expanded. A little known Old Testament story tells us that back in time the sun rose and set in the same place in one day (due to what may have been a catastrophic earth event. The only continents that would not have been that affected were Africa and the Middle East that pretty much remained in the same spot as the earth rolled.

ANCIENTS KNEW THAT OUR EARTH HAS ROLLED IN THE PAST, WHICH APPEARS TO BE CYCLICAL IN NATURE MEANING THAT THIS HAS HAPPENED IN OUR PAST

All of these ancient cultures have written and shown us images and warnings of what will come again and what happened to them in the past. Highly advanced societies were destroyed during the last Ice Age.

GORDON MICHAEL SCALLON MODERN DAY SEER WARNS US ABOUT WHAT IS COMING ABOUT WHAT HE SAW IN HIS VISIONS

https://www.forbes.com/sites/jimdobson/2017/06/10/the-shocking-doomsday-maps-of-the-world-and-the-billionaire-escape-plans/

"When I wrote my first article on billionaire bunkers years ago, I never would have imagined how quickly our world was changing. Our lives are in a constant state of flux, the political situation aside, our earth is rapidly changing. Between the increase of bizarre weather patterns hitting the earth, and recent major volcanic activity, now more than ever our focus is on our planets future.

In the early 1980's, spiritual visionaries and futurists provided clues to our changing planet. Often dismissed as crazy prophets, their thoughts for a new world were quickly ignored and laughed at. Gordon-Michael Scallion was a futurist, teacher of consciousness studies and metaphysics and a spiritual visionary. In the 80's he claims to have had a spiritual awakening that helped him create very detailed maps of future world, all stemming from a cataclysmic pole shift.

The result, while not based on any science, nonetheless provides a vivid and compelling picture of an Earth ravaged by flooding."

Gordon Michael Scallion warned us that when Mount Etna and Mount Pelee erupt at the same time we, the earth has 91 Days to get ready for a massive event.

In 2025, there were multiple eruptions from Mount Etna in Sicily, including a significant event on June 2 that sent ash and lava down its slopes, and more moderate activity in late April and August. In contrast, Mount Pelée is experiencing volcanic unrest but did not erupt in 2025; however, the volcano showed increased activity similar to previous unrest periods, with signs of magma and fluid movement underground, but the overall situation has recently shown signs of declining.

Mount Etna Eruptions in 2025

June 2, 2025:

A major eruption occurred, generating dense ash plumes and lava flows, forcing tourists to flee the slopes. The eruption included intense strombolian explosions and pyroclastic flows that did not reach the Valley of the Leo.

February 2025:

Mount Etna had a period of unrest with fiery explosions, ash clouds, and a lava flow extending from the Bocca Nuova crater.

Late April 2025:

Strombolian activity evolved into pulsating lava fountains, reaching heights of 200 to 300 meters.

August 2025:

A large Strombolian eruption was observed.

Overall:

Mount Etna is one of the world's most active volcanoes, and eruptions, though sometimes dramatic, are common and rarely cause major risk to local communities.

Mount Pelée Status in 2025

Ongoing Unrest:

Mount Pelée has been in a state of volcanic unrest with a yellow alert level since December 2020.

Signs of Activity:

By June 2025, signs of unrest, such as increased volcanic earthquakes, carbon dioxide emissions, and summit inflation, became more noticeable.

TOM HORN MENTIONED ANOTHER STRIKE LOCATION

What you need to know is that the strike zones for one of the broken pieces of the Apophis Asteroid is projected to strike off the coast of California in the exact spot an underground alien base is located Hummmm! We have all been wishing,

hoping and dreaming that someone would take out these alien underground bases and tunnels, then we think of what Jesus and his WATCHERS **may be coming to do** as they create a new Golden Age for mankind.

Path Apophis May Follow

Tomas Horn mentioned one of the target strike zones was between the North Sea and the Black Sea which would make sense if the targets are to take out the ASM NWO DEEP STATE ZIONIST LOCATIONS. This is interesting when you start to put all of these pieces together

For those of you who do not realize that Jesus is and was an OTHER DIMENSIONAL BEING you can take one of those pills and **go back to sleep**. It is clear to me that other dimensional forceS seem to once again be using an asteroid to TAKE OUT THE BAD GUYS SOON AS SEEMED TO HAVE HAPPENED IN THE PAST

JESUS SAID HE WOULD BE BACK TO CLEAN HOUSE and this may be how he is going to be doing a lion share of it.

"Vengeance is mine, I will repay, says the Lord" is a quote from the Bible, found in Romans 12:19 and Deuteronomy 32:35, which instructs believers not to seek personal revenge but to trust in God's ultimate justice and righteous judgment. The verse encourages people to overcome evil with good, recognizing that God alone holds the authority to dispense retribution and that His judgment is perfect and just.

According to Billy Meier, who have pointed out first on our Planet, that there is an asteroid is approaching, in 1994, and informed that this, Red Meteor, has highest possibility to collide with earth in 2029. And it was discovered in 2004, only. Also he informed about impact area, if we fail to deflect it on time. The area between Black Sea and North Sea is the impact point, somewhere, there. Its impact will split tectonic plate and create new continent - that's how powerful it is going to be from this 370 meter rock, which was exactly pointed out by him as well. All the rest subsequent follow danger can be searched with its following fall outs and so on.

Asteroid Apophis Is Also Known As â€˜God Of Chaosâ€™. Michael Horn Revealed That The Apophis Would Definitely Hit Earth And Cause Mass Destruction Wherever It Hit. Horn Further Claimed That He And His Team Have Narrowed Down The Area To Between The North Sea And The Black Sea.

New Delhi:

Asteroid Apophis is also known as 'God of Chaos'. It is to be noted that the 370m-wide space rock is potentially on a collision course with Earth. If the supergiant asteroid hits the Earth, it would leave a crater more than a mile wide and a 518 metres deep. It is also worth mentioning here that if Apophis hits Earth, the impact of the asteroid would be equivalent to 880million tons of TNT being detonated – 65,000 times as powerful as the nuclear bomb which was dropped on Hiroshima. The space rock was first discovered in 2004. NASA had then said that the asteroid may hit Earth in 2029. If not, then it may hit Earth on April 12, 2068. Yes, you read it right. However, research scientist and official representative for Billy Meier, Michael Horn has claimed that he and his team have discovered the exact impact zone of the destructive 'God of Chaos' Apophis asteroid will be.

WHERE DID TOM HORN SAY APOPHIS WOULD HIT THE EARTH

Biblical author and commentator, Tom Horn, who wrote the book "The Wormwood Prophecy", claimed to have had a vision that led him to believe the asteroid Apophis could fulfill the biblical prophecy of Wormwood, according to AM 1160 Hope For Your Life. He speculated that the asteroid Apophis might strike the Earth between California and Mexico. He based this on a supposed vision from God and information gathered from the asteroid's discovery and subsequent trajectory predictions.

Important Note

- Tom Horn's predictions regarding Apophis are based on his interpretation of religious prophecy and a supposed vision, and are not supported by scientific consensus.

TOM HORN A CHRITIAN SEER AND PROGNOSTICTOR FIRST STATED APOPHIS WILL HIT BETWEEN THE NORTH SEA AND THE BLACK SEA WHERE THE ASHKENAZI ZIONISTS, SEPHARDIC JEWS AND MEROVINGIAN ANCESTORS MIGRATED TO FROM KHAZARIA RUSSIA

"Apophis will hit Earth on April 13, 2029, or April 2036 if it does not deviate, " Horn told the Daily Express. *" asteroid Apophis, with certainty, will impact the Earth between the North Sea and the Black Sea on April 13, 2029, less within 10 years or on April 13, 2036. I have a lot of information that we have corroborated to date with more than 250 specific examples of what I would like to call prophetically accurate scientific information from the source. "*

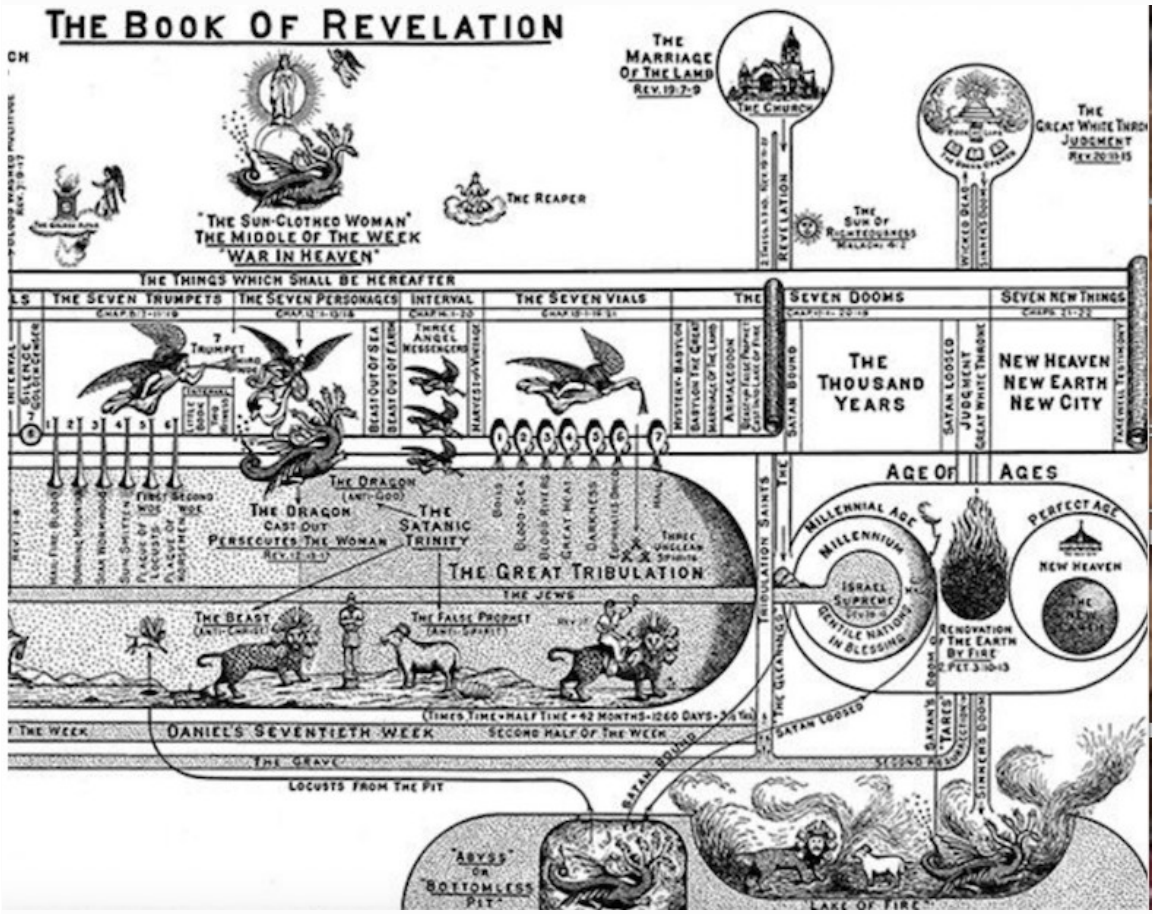
Horn also claimed that former NASA aerospace engineer **Matthew Wieczkiwwicz and mathematician Harry Lear are key members of his** research **team.**

INTERESTING HOW THIS END TIME PROPHECY CHART SEEMS TO CORRALATE WITH TRUMPS FIRST TERM

Notice the interesting End of the Ages association with President Trumps first presidency here leading up to his current presidency which started in 2024. During his reign

Trump has officially run as a candidate for president four times, in 2000, 2016, 2020, and 2024; he also unofficially campaigned in 2012 and mulled a run in 2004. During this time frame the general public was beginning to realize that a COMMUNIST DEEP STATE CABAL had been running America for a long time. This information was being leaked trumpeted and exposed at the time.

There are many different interpretations of where we are in terms of the 7 year Tribulation Period. It depends on who you ask.



According to this version above, the Trumpet warning sounds take place at the start of the 7 Year Tribulation when Trump is actively seeking the presidency and running America. Next inline is the release of Satan who is the Leader of the NORDIC ALIEN FALLEN WATCHERS known as Satan is releasing his ALIEN AGENDA'S.

Satan is the Dragon who is the 7 headed leopard in Prophecy is under the 7 Vial Judgement period.

This means that we are now noticing aliens, dogman, bigfoot and other chimeria being released from underground bases and secret military centers. It looks like 2025 - 2026 is the start of the Great Tribulation Period where these evil players are experiencing the WRATH OF GOD diring the 7 Vial Judgements.
